Dear Dentist,

RE:

We encourage good dental health during pregnancy. The following is recommended:

Place a shield over the abdomen and thyroid during x-rays.

A local anesthetic is okay. Lidocaine is preferred. With or without epinephrine.

NO ANTIBIOTIC IN THE TETRACYCLINE FAMILY OR CIPRO.

All Penicillins and Cephalosporins are okay.

If allergic to PCN, may use Erythromycin.

Pain medication: Tylenol #3 if needed.

Thank you,
